# Innovative Learning Approaches at CGC Landran

At CGC Landran, learning goes beyond textbooks. We emphasize activity-based and experiential learning, empowering students through training sessions, internships, live projects, and alumni interactions. Our approach includes industrial visits, startup initiatives, and participative learning through expert lectures, technical symposiums, and skill-development programs. Students master problem-solving methodologies via hackathons, workshops, industrial projects, and simulation-based exercises. We also promote self-paced learning with MOOCs, value-added courses, and curated video content, ensuring holistic development and future-ready skills.
