(Technical College Event Rule Book)

AI/ML & Cybersecurity | AI & Prompting | Robotics & Drones | Ideathon | Esports

GENERAL INSTRUCTIONS

- **Minimum Participation Requirement:** Final positions and winners will be declared depending upon the entries only.
- **Valid Fee Receipt:** Participants must retain and produce their **official fee/payment receipt** as proof of registration whenever required. Entries without valid payment confirmation may not be considered.
- **Registration:** Participation is valid only after successful registration and payment of the applicable event fee within the specified registration period.
- **Event Eligibility:** Participants must fulfil the **team-size and eligibility requirements** specified for their respective event. Changes to team members after registration closes will not be permitted unless approved by the organizers.
- **Reporting Time:** Participants must report at the **designated venue at least 15 minutes before** their scheduled event/slot.
- **Identity Verification:** Participants must carry a **valid college/institution ID card** and present it whenever requested by the organizers.
- **Organizer's Decision:** The decision of the **judging panel/event coordinators will be final** in matters related to scoring, rule interpretation, penalties, and disqualification.
- **Code of Conduct:** Participants must maintain proper discipline and sportsmanship throughout the event. Misconduct, abusive behaviour, cheating, deliberate disruption, or damage to event property may result in disqualification.
- **Originality & Fair Play:** Participants must not use unfair means, unauthorized assistance, or copied/purchased work where originality is required. Any violation may lead to immediate disqualification.
- **Equipment Responsibility:** Participants are responsible for their own personal devices, equipment, robots, drones, and other permitted materials unless explicitly stated otherwise in the event rules. The organizers will not be responsible for loss or damage to personal belongings.
- **Rule Compliance:** Participants are expected to read and understand the **specific rules of their event** before participating. Event-specific rules take precedence over general instructions wherever applicable.
- **Schedule Changes:** The organizers reserve the right to modify event timings, rounds, venues, or procedures due to operational, technical, or safety requirements. Any such changes will be communicated to registered participants.
- **Disqualification:** The organizing committee reserves the right to disqualify any participant/team found violating the event rules or engaging in unfair practices.

Category 3 — Robotics | Drones

RoboWars — Obstacle Navigation

Manually controlled robots navigate a specially designed obstacle path — precision and control over raw combat.

Team Size: 3 members

Duration: ~3–5 minutes per run

Entry: Teams build/bring their own manually controlled robot

Basic Concept of the Event

Despite the name, this is a navigation challenge, not a combat event: teams build a manually controlled robot (wired or RC) and race it through a specially designed obstacle path featuring turns, ramps, narrow gates, and uneven terrain, testing control precision and robot design rather than firepower.

Rules

1. Robots must be manually controlled (wired remote or RC transmitter) — fully autonomous bots are not eligible for this event.
2. Robots must meet the announced size and weight limits, checked at a pre-round inspection.
3. Each team gets one practice run (untimed) and one or two official timed runs; the best run counts.
4. Going off-course, touching a boundary wall, or missing a gate adds a time penalty rather than immediate disqualification, unless it happens repeatedly (3+ times), which results in disqualification for that run.
5. Robots may not use projectiles, flames, or any element that could pose a safety risk — this is a controlled navigation event.
6. Any physical damage caused to the course/other equipment must be reported immediately; deliberate damage disqualifies the team.

Note: Final positions and winners will be declared depending upon the entries only.

Judgement Criteria

- Primary: fastest completed time including penalties.
- Tie-breaker: fewest boundary/obstacle touches.
