

CHRONICLE

FEBRUARY 2022

THE FLYING DRONES, ROARING GO-KARTS, AND ASTOUNDING SCIENTIFIC CREATIONS MARKED THE NATIONAL SCIENCE DAY CELEBRATION ON CAMPUS.

The flying drones, roaring go-karts, and astounding scientific creations marked the National Science Day celebration on campus.

Dr. Rajeev Ahuja, Director, IIT Ropar extended his

presence as the Chief Guest and was accompanied by esteemed dignitaries as the Guests of Honor. Chairman Satnam Singh Sandhu and other dignitaries truly appreciated the creative projects of all the participants.

A 3-day national level event Geo-Innovation Challenge (Geo-Health), hosted by our R&D Cell ACIC RISE, supported by NITI Aayog, and Chandigarh Engineering College in collaboration with the Department of Science and Technology, Government of India was organized intending to encourage innovation for national socioeconomic development that is responsive to today's complex Public Health challenges.

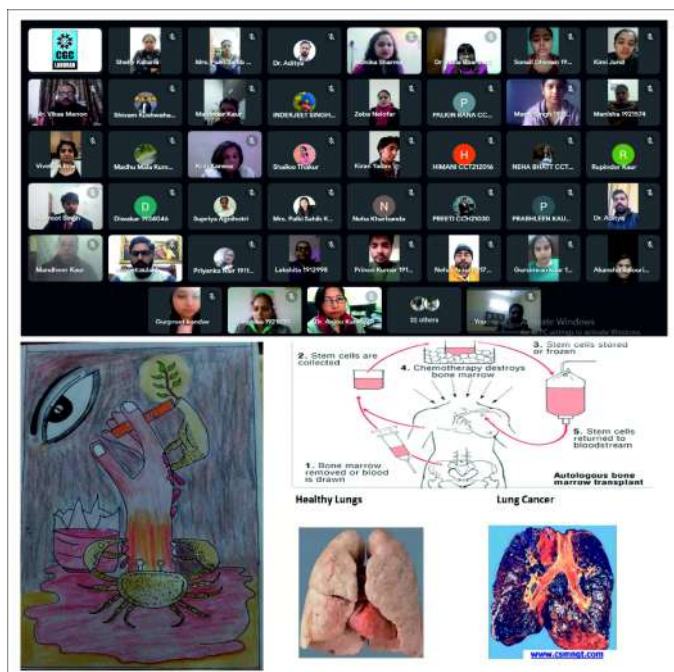

Dr. Shubha Pandey, Scientist D, National Geospatial Programme, DST joined in as the Chief Guest of the

occasion and Dr. H.S. Gusain, Scientist, DRDO as the expert speaker.

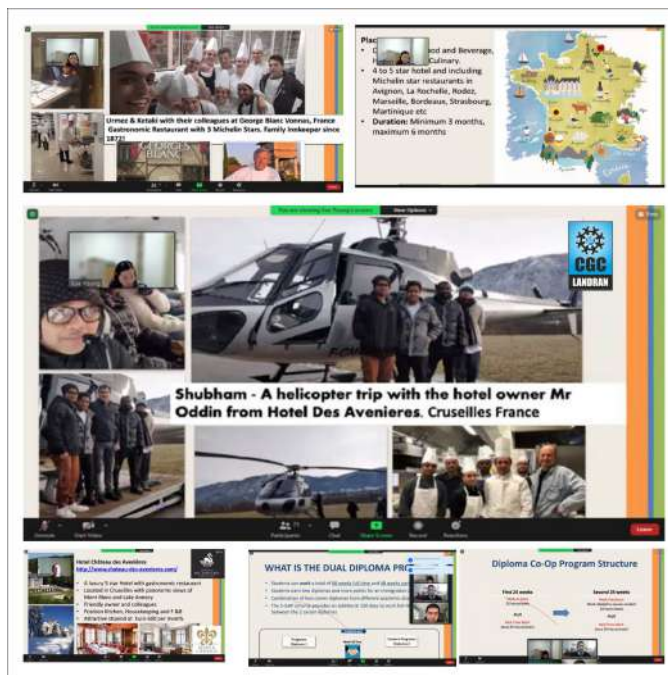

With 10 million people dying from cancer every year, it is the second-leading cause of death worldwide. But what makes all the difference is the fact that over a third of all cancers can be prevented.

Thus, on the occasion of World Cancer Day, our Department Of Biotechnology organized an awareness session wherein Dr. Priyanshu Choudhary, Oncologist, Consultant, Shalby Hospital, Mohali and Dietitian Shreya Goel, Director, Dietician Shreya's Family Diet Clinic acquainted the participants with the requisite knowledge of this disease and also talked about the misconceptions and prejudices associated with it. Besides this, the students also participated in the Poster and Oral Presentation competition.

The College of Hotel Management & Catering Technology in association with the Department Of International Affairs organized an intriguing session on "Overseas Internship Career Options" through Global Education Management, UK. The speakers for the session were Ms. Sue Young, Mr. Fredrick Young, and Ms. Sunita Kapoor. The session proved to be very engaging and knowledgeable for the students looking for such opportunities.

Bagging yet another recognition, our Chandigarh Business School Of Administration (CBSA) has once again proved its excellence! This Business Standard Ranking is based on the parameters of Research Profile of Institute, Placement Records, Eminent Faculty, World-class Infrastructure, and similar

Our B School students had a thoroughly insightful day as eminent Industry Experts and Financial Advisors undertook an enlightening discussion with them on the theme "Union Budget 2022: Building India as a Fastest Growing Economy" during the Expert Talk that was conducted by Chandigarh Business School Of Administration in association with The Associated Chambers of Commerce & Industry of India (Assocham).

The nutrient-rich crop – millets are losing their sheen and for this reason, the year 2023 has been declared as the International Year Of Millets by the UN. To commemorate this, our Chandigarh College of Hotel Management & Catering Technology undertook an initiative to promote the nutritional and ecological benefits of millets among the students organized a Guest Lecture on “Knowledge of Ancient Gluten-Free Super food Grain: Millets Are Back”. The session was taken up by Dr. Sheetal Thakur, Assistant Prof, Food Technology, Maharishi Markandeshwar University, Haryana. MM – Deemed to be University

They are living their dream, garnering numerable experiences in the foreign land under our Student Exchange Program. These students namely Mandeep Singh (MBA), Ankit Bharti (MBA), Diksha (B.Tech IT) are now a part of the glorious University of North Alabama, USA, and are gratified with their learnings there.

They have shared a few of the glimpses of their cherished moments there.
